3: 21-23

You are in one of three spiritual states this morning:

One: Spiritually dead: living without Christ inside of you- the Bible calls this: the natural manyou see yourself as a good person but a lot of good people are going to spend eternity in hellgoodness never qualifies you for relationship and eternity with God.

Two: Spiritually immature: fleshy- Christ lives in you but you are living more by personal feelings, life circumstances and other people's expectations

Three: Spiritually maturing: the power of the Holy Spirit is evidenced in your life because you are fully yielded to Jesus. They are discerning about what they allow in and what they keep out of their mind, heart and spirit.

APPLICATION:

One: Am I building up my church through committed service in my church, generous giving through my church and keep my relationships right within my church?
Two: Is there any area of my life that Christ is not the foundation of: i.e. actions, habits, patterns of behavior, speech, spending decisions and what will I do to make Christ the foundation of all I do and say?
Three: Am I reading the Bible more than I am listening to others read it for me? What will I change to deepen my personal time in God's Word daily?
Four: Am I giving generously to back to God from what He provides for me to live on and am I

consulting God before I make major purchases with His money?
